

What is happening to the United States of America?!? It used to have public airways. Sinclair Broadcasting should NEVER dictate what to watch to all their affiliates. Not everyone is of the same thinking. Stuffing your own beliefs down the viewers of your personally owned television stations is anti-public, anti-democratic, anti-freedom, anti-American. PLEASE STOP THIS INSANITY!! Bring back the American way! Thank you. We appreciate what you stand for. Please put your authority to work for the public.
